### About Children's Hospice South West

Children's Hospice South West (CHSW) cares for more than 500 families across the South West.

We provide care for children and young people with life-limiting conditions and their whole family. The care we offer is wide ranging, from respite and short breaks to emergency and palliative care and end of life care. We operate three hospices: Little Bridge House in Devon, Charlton Farm in North Somerset and Little Harbour in Cornwall.

We are looking for people, just like you, to help us. Whatever time or skills you can give, you can help make a difference to short and precious lives by volunteering with us today.

From gardeners to cooks, office helpers to event marshals, shop helpers to bed makers, our volunteers really are stars. Volunteers touch every aspect of what we do, and we would not be able to continue our vital work without their diverse and valuable contributions.

## Practical considerations

For some roles we will require a Disclosure Barring Service (DBS) check. We have a responsibility to protect the children and young people we work with, so we will carry out a DBS check (formerly CRB) where needed. This can sometimes take up to a month, it is not a difficult process and you will be given help to complete the forms if necessary. References will again depend on the role you are taking on, but most volunteers will be asked for at least two reliable references.

## What happens now

Once you have registered your interest in volunteering for CHSW, your Volunteer Contact will arrange an informal discussion to establish if the role offers you the right experience based on your ability to carry out the role. We will also take in to account the safety of all parties, the brand and the reputation of CHSW.
